YET ANOTHER TRUCKING CRISIS

(Mr. LAMALFA asked and was given permission to address the House for 1 minute and to revise and extend his remarks.)

Mr. LAMALFA. Madam Speaker, as we endure more and more of the Biden-induced energy crisis in this country, I have to point out another aspect of that which is very important that we get a handle on soon. Our ability for our trucks to deliver the goods, the products we expect to be in the stores, is going to be hampered even more not just in my home State of California \$7 diesel or \$6 in the rest of the country, and the ability to get truck drivers, but also, interestingly enough, there is a product called diesel exhaust fluid that is part of the newer truck engines that is going to run out.

It is already in short supply. The railroads are having a hard time shipping it. It is not even produced enough in this country. We have to rely on one important component, urea, that the major exporters of it are China, Russia, and Qatar. We are going to run out of the DEF that you put in the trucks. The trucks will not run without it because the computers will not let the truck run without this fluid, which is a component in the diesel exhaust system.

If we run out of DEF, the trucks can't move, and they will not move the products you need, your food, your other supplies to the stores for you to purchase. So we have yet another crisis within a crisis if we run out of DEF. DEF needs to be produced in this country. We need to produce the urea in this country.

FENTANYL CRISIS DESERVES URGENCY

(Mr. MOORE of Alabama asked and was given permission to address the House for 1 minute.)

Mr. MOORE of Alabama. Madam Speaker, last year alone fentanyl killed more Americans than any weapon of mass destruction in our Nation's history.

Fentanyl is now the number one cause of death for Americans between the ages of 18 and 45. It is not guns. It is not COVID-19. It is not even car accidents. It is fentanyl.

CDC numbers show more total drug overdose deaths last year in the U.S. than those killed by the atomic bomb blast that ended World War II.

The direct cause of so many American deaths from fentanyl is the Biden

administration's surrender on our southern border. In 2021 alone, more than 11,000 pounds of fentanyl was seized at our southern border. So just imagine how much fentanyl got across the border and into our communities.

Fentanyl is a drug so deadly poisonous that the Russian military has reportedly weaponized it. Countless families who have lost loved ones to fentanyl deserve better than what we are getting from this administration.

That is why I cosponsored Congresswoman BOBBERT's Fentanyl is a WMD Act, a designation that follows the 2019 proposal from the Trump administration that would enable our government to treat the fentanyl crisis with the urgency that it deserves.

We can't turn the other way as the Mexican drug cartels kill thousands of young Americans. We must take the fentanyl threat seriously, and we must secure our border.

ANNOUNCEMENT BY THE SPEAKER PRO TEMPORE

The SPEAKER pro tempore. Pursuant to clause 8 of rule XX, the Chair will postpone further proceedings today on motions to suspend the rules on which the yeas and nays are ordered.

The House will resume proceedings on postponed questions at a later time.

SUPREME COURT POLICE PARITY ACT OF 2022

Mr. LIEU. Madam Speaker, I move to suspend the rules and pass the bill (S. 4160) to amend title 40, United States Code, to grant the Supreme Court of the United States security-related authorities equivalent to the legislative and executive branches.

The Clerk read the title of the bill.

The text of the bill is as follows:

S. 4160

Be it enacted by the Senate and House of Representatives of the United States of America in Congress assembled,

SECTION 1. SHORT TITLE.

This Act may be cited as the "Supreme Court Police Parity Act of 2022".

SEC. 2. AUTHORITY TO PROTECT FAMILY MEMBERS.

Section 6121(a)(2) of title 40, United States Code, is amended—

(1) in subparagraph (A), by striking "and" at the end;

(2) in subparagraph (B), by adding "and" after the semicolon; and

(3) by adding at the end the following:

The SPEAKER pro tempore. Pursuant to the rule, the gentleman from California (Mr. LIEU) and the gentleman from Ohio (Mr. JORDAN) each will control 20 minutes.

The Chair recognizes the gentleman from California.

GENERAL LEAVE

Mr. LIEU. Madam Speaker, I ask unanimous consent that all Members

may have 5 legislative days in which to revise and extend their remarks and include extraneous material on S. 4160.

The SPEAKER pro tempore. Is there objection to the request of the gentleman from California?

There was no objection.

Mr. LIEU. Madam Speaker, I yield myself such time as I may consume.

Madam Speaker, I rise in support of S. 4160, the Supreme Court Police Parity Act of 2022.

While the Supreme Court police force is currently authorized to provide protection to the Justices of the Supreme Court, this bill would unequivocally extend their authority to provide protection to family members of Justices if there is reason to believe they are at risk.

It is imperative that the Justices are free from fear of violence or physical intimidation to make decisions based on the Constitution and law as applied to the facts of the cases before them. This is essential to the rule of law. Assassilants like the man arrested recently for allegedly plotting against the life of one of our Justices are a threat to our democracy, but with the right security, they can also be stopped before they inflict harm.

I thank Senators COONS and CORNYN for their work on this issue in the Senate, and Representatives STANTON, CORREA, and ISSA for their work in the House, likewise introducing bills that would extend protection to the families of Justices. I also thank Congresswoman SHEILA JACKSON LEE as well.

I further note that Mr. STANTON's bill would have also extended protection to the families of Court employees. We understand that there was Republican opposition to that aspect of the bill, and in the interest of protecting the Justices' families, we could no longer delay in passing the only version of the bill they would apparently agree to. But I hope we will swiftly move another bill to extend protection to families of employees as well.

I hope my colleagues will join me in passing this straightforward measure to ensure that the families of Supreme Court Justices have the necessary protection from any threats they may face.

Madam Speaker, I reserve the balance of my time.

Mr. JORDAN. Madam Speaker, I yield myself such time as I may consume.

Madam Speaker, why did it take so long? Why did it take so long to bring this legislation to the floor? It has been over a month since the leak of the draft opinion, over a month of threats on Supreme Court Justices and their families, over a month of protests at their homes. Why did it take so long? I mean, the protests at their homes are a direct violation of the law, 18 U.S.C. section 1507. Over a month.

It has been over a week, or actually a week, since an assassination attempt on a Supreme Court Justice, on Justice
